Example Questions  Information List Worksheet  09-23-12

These example questions and worksheet applies to the 2, 3, 5 and 8 building street prints only.

This list of example questions and worksheet is optional... use it for ideas and organizing your
information before you enter it on the Customer Portal form for your particular street. You may choose
to work directly in the portal if you like. If you do use this worksheet, you must transfer your finalized
information to the proper street form in the portal before you submit it and place your order.

IMPORTANT: Do not go over the limit of moments and memories that your street allows. With a few
noted exceptions, each question that you answer is one moment or memory... if you exceed your limit
we may not use all of your requested information, if you add to much information you may be required
to upgrade to the next larger street. The underlined numbers are the limits for each street size.

- 2 building street = up to 10 moments and memories + vehicles, sky, street signs and dedication line.
- 3 Building Street = up to 18 moments and memories + vehicles, sky, street signs and dedication line.
- 5 Building street = up to 28 moments and memories + vehicles, sky, street signs and dedication line.

moments and memories for your particular street (see above).
- **Don’t see your question here?** Simply ask and answer your own question (see below).
  Remember to keep your answers short and to the point, limit your answers to one per space.
- The first type-in box that you come to on any of the portal forms is for you to tell us about your
upcoming event and the recipient, who is it for and why. Write anything you want that will help
us get a good feel for the event and the person.

**Read all questions:** Even those questions that do not apply to you or your occasion may inspire
questions that do.

**Chronological order?** Our questions may not be in the order that you will eventually want, please
number your answers in the portal from 1 to your allotted number in the order you want them
displayed along your street.

**Helpful hint:** Save this list on your computer to copy and paste our moment and memory question titles
into your own portal form along with your answers.
