2. Introductory Material *(optional)*

Tell us anything you want us to know before we start. You can tell us about the event, the recipient, and any concerns you have or information you think will help us.

3. The following 14 memories and moments will be transformed into graphics and be displayed from left to right - top to bottom along your street.

Helpful hint: Think of each moment or memory as a charm on a bracelet. Remember, charms do not tell the whole story, they only remind you of a person, place, thing or time that became a fond memory. That's exactly what we are doing, transforming each moment and memory into a "charm like" graphic treatment.

Optional: If you feel like suggesting a "graphic" or graphic treatment that tells your story please do so... we can't promise we'll use it but will do our best.

Describe each moment and memory as a separate event, be specific and to the point... We need details like colors, names and genders. You are limited to 175 words per space.

Here are a few examples of acceptable keyword descriptions... short and to the point.

1. Sue and Ron's favorite vacation was to Paris, France in 2008.
2. We met each other on Match.com in 2004
3. We have 2 dogs, a white poodle name Brandy and a Grey Husky named Jack.
4. John started working at UPS in 1997.

If you want everything in chronological order you must list it that way.
